

Please adjust the locations of reference letters B and C on Figure 6, as shown in the redlined copy of Figure 6 provided in Appendix A. Also, please strike the superfluous reference number 108 as indicated in the redlined copy of Figure 6.

In the Description:

Please correct the typographical errors listed below. The following changes are illustrated in marked-up copies of the appropriate pages in Appendix B and clean replacement paragraphs in Appendix C.

On page 3, line 2 of the application (first partial paragraph of page 3), please remove the comma (,) after the word “and” and before the word “a”.

On page 3, line 8 (title preceding the second full paragraph on page 3), please remove the word “BRIEF” from the heading “BRIEF SUMMARY OF THE INVENTION”.

On page 3, lines 20 and 21 (last paragraph of page 3), please replace the word “which” with the phrase “with a”, and replace the word “of” with the word “for”.

On page 4, line 9 (first partial paragraph of page 4), please change the word “increase” to “increases”.

On page 4, line 11 (first full paragraph of page 4), please remove the superfluous comma (,) after the word “assembly” and before the period.

On page 4, line 15 (second full paragraph of page 4), please change the word “rotates” to “rotate”.

On page 7, in the Brief Description of the Drawings:

please amend the description of Figure 7A to read “Figure 7A illustrates a leveler-stabilizer of the type in Figure 6 in use with a bi-pod near the front of the gun.” and

please amend the description of the Figure 7B to read “Figure 7B illustrates a leveler-stabilizer of the type in Figure 6 stored against the gun during non-use.” and

please insert the new description for Figure 7C as follows: “Figure 7C illustrates a leveler-stabilizer of the type in Figure 6 having a curved arm.”
